Serious Kidney Disease Treated By an Old-Fashioned Doctor

S. B. HARTMAN, M. D.

In 1900 I was practicing medicine in Millersville, Pennsylvania, a thriving farming community. A prominent citizen of that locality called at my office one day in a very feeble condition. So much so he had to be assisted in alighting from his wagon. I found on questioning him that he had been afflicted for about two years. He had consulted various doctors, among them a specialist from Philadelphia. They pronounced his disease to be Bright's disease of the kidneys. He was gradually failing in strength, losing flesh rapidly, and altogether presented a very pitiable spectacle, the remnant of a once strong and happy man. I had been treating a neighbor of his successfully. This neighbor had highly recommended me and thus it was he had come to me. He told me that the doctors had practically given up his case as hopeless and he felt free to consult any other physician. I hesitated to take the case, as I felt sure I could not do anything more than the other physicians had done. I told him so, yet he insisted upon my prescribing. I was a graduate of the Jefferson Medical Col-

lege at Philadelphia, and as one of the consulting physicians had been a professor in that college it seemed to me quite unlikely that I would be able to do any more than had been done, but I prescribed what seemed to be the best thing under the circumstances. "He went away and in a week he returned saying he was no better, that he was still losing ground. He judged that he had taken the same medicine before. No doubt he had. But he wished me to prescribe again. I did so. This went on for about two months, the patient failing all the time, and I was becoming thoroughly discouraged with the case. "One day the patient said to me, 'Doctor, why don't you give me the medicine you gave my neighbor? We all thought he would die, but your medicine cured him. This was why I came to you. Why not give me the same medicine you gave him?' "But," I said, "your neighbor did not have kidney disease. It was a bowel complaint that I prescribed for in his case. I remember I gave him the Neutralizing Mixture that I make a great deal of use of in bowel diseases." "Well, I want some of the same medicine you gave him. It worked wonders with him and I believe it will with me." "But," I said, "this is not a medicine for kidney disease." "Well, since you seem to be like the rest of the doctors, you cannot help me, why not try the medicine that helped my neighbor?" After some hesitation I concluded to give him a bottle of it. In ten days he returned. He at once began to be- lieve me in no complimentary words, saying: "You knew very well this medicine would help me. You held it back merely to get more fees for treating me. From the first the medicine has helped me and I have made rapid im- provement. If I could have had this medicine a year ago I should have been saved a great deal of expense and loss of time." I replied that I was glad the medi- cine had helped him. I was somewhat confused by his brusque manner and rough speech. I gave him another bot- tle of medicine. Did not see him again for about three weeks. Once more he

called at my office for another bottle of medicine, which was his last call. A month or so afterwards he returned of his own accord and got a bottle of the same medicine, saying that my patient was practically a well man, attending to his duties about his large farm. I had given him the Neutralizing Mixture which was a remedy that I had used before only for bowel dis- eases. The same remedy that has since been sold under the name of Peruna. I could not quite understand how it was that Peruna should operate so beneficially in such seemingly different diseases. I had not yet grasped the correct philosophy of disease. I did not then clearly comprehend that catarrh may affect the kidneys as well as the bowels. Nothing of that sort was taught in the books in those days. It took me years before I clearly com- prehended that catarrh was a disease liable to attack any organ of the body. Catarrh is a disease of the mucous membranes. The mucous membranes line every organ, duct and cavity in the body. Thus it is catarrh may set- tle anywhere where there is a mucous membrane. Peruna is my remedy for all these cases. I insist upon it, however, that Peruna is not a cure-all. I use it for just one disease, catarrh. But as catarrh is liable to affect so many dif- ferent places, disturb so many dif- ferent functions, derange so many dif- ferent organs, it does seem to many peo- ple as if I regarded Peruna as a cure- all. "The above narrative is simply one of the many cases in my early practice that brought me to comprehend the wonderful efficacy of Peruna in such a variety of diseases. The kidneys may be affected by other diseases than catarrh, but the average case of kid- ney disease is catarrh of the kidneys. All cases of Bright's disease begin with catarrh of the kidneys. This being true, and it also being true that Peruna is a catarrh remedy, it follows that a great many cases of kidney disease could be benefited by Peruna. PERUNA SOLD BY ALL DRUGGISTS. SPECIAL NOTICE—Many persons are making inquiries for the above medicine. To each would say, this formula is now put out under the name of KIDNEY-KIDNEY, manufactured by E. J. FARNSWORTHY, Columbus, Ohio. Write them and they will be pleased to send you a free booklet."

PERSONAL

E. F. Hartley, of Fairmont, is in the city. George W. Hannah, of Weston, is here on a brief visit. J. J. P. O'Brien, of Wheeling, is a business visitor here. Birk S. NO INDIGESTION, GAS OR A SOUR STOMACH

"Pape's Diapepsin" Makes Your Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach, which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt, if sour, gassy and upset, and what you just ate has fermented into such horrid lumps, your head dizzy and aches, belch gases and acids and eructate un- digested food, breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will won- der what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasion- ally keeps this delicate organ regulat- ed and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion, if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your "ke," don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

UNKEPT PLEDGES

The Republican party lost the legislature two years ago be- cause it failed to keep its pledge to pass a primary election law, according to the views of careful students of political happenings. The Democratic party failed to keep that pledge or any other im- portant promise in its platform, when it got a majority in the leg- islature. It defeated all primary election legislation, under the personal direction of Boss Wat- son. It defeated a public utilities bill. Production tax on gas was beaten. It defeated the income tax amendment to the Federal constitution, and in doing so went back on a cardinal principle of the Democratic party which has existed ever since the forma- tion of that party. Its platform criticised the mining laws and their administration, but the party in the legislature totally ignored that subject. Its platform de- clared that injunctions shall not issue "except for such cause as would justify in other cases," and this matter was altogether ig- nored. The game wardens were abolished; the road commis- sioner's office, a department that was well started on a great statewide work, was abolished; an attempt was made by MacCorkle in the Senate and Lacy in the House to abolish the tax commissioner's department, including the county audit and uniform system of ac- counting, and the very life and blood of the whole equitable sys- tem of taxation; and not a single, solitary law of statewide import- ance was passed. No legislation of a general progressive or re- formatory character was pro- posed, and the whole tendency of the regular session, as well as the special one, was reactionary under the direction of the Wat- son-Chilton-MacCorkle crowd. The sale of two seats in the United States Senate for cash was the greatest crime and politi- cal disgrace ever committed since West Virginia was born into the Union of the States.

This is the record of the Demo- cratic legislature. Do the voters of West Virginia stand ready to approve it by their votes? We sincerely hope not.

Jerome W. Stuart, of Detroit, Mich., was in the city today enroute to Lost Creek, where he will conduct a lot sale tomorrow. He will go from there to Johnson City, Tenn., where he is getting ready for a sale.

Miss Georgia Edmiston, of Buck- hannon, who was a guest of her aunt, Mrs. Martha McCarty, has returned home.

The woman, who, because she stud- ies the ads in the Telegram—is able to INCREASE THE BUYING POWER OF EVERY DOLLAR OF HER HUSBAND'S INCOME is the real "new type of woman"—the worth- while type!

There Is No Better Purchase Than The Following Additions

WEST END LAND CO.'S SECOND STEALEY ADDITION

We are almost sold out, have about 20 to 25 lots left, prices range from \$300 TO \$500 according to location, water, gas and sewer- age. Terms, \$25 to \$50 down, and the balance in one, two, three, four and five years, with in- terest at 6 per cent. This property is close to the Adamston, Wilson- burg and Mt. Clare street car lines.

HIGHLAND PARK

Highland Park Addi- tion is right along the edge of the Mt. Clare street car line, and the Bridgeport car runs out to this addition. The addition has cement side walks, paved Sts., gas, water and sewerage and has five buildings al- most completed on the property. The sewer and water lines are in the alleys, telegraph and telephone poles to be in the alleys, fine shade trees and all the lots are level. There is no doubt but what this addition will be a high class residence section of Clarksburg. Prices of lots unsold are from \$500 TO \$2,550

Some of them are 50 by 120 feet, others are 40 by 120 feet. Terms, one- fourth down, balance in one, two and three years, interest at 6 per cent.
